## Communication Supplies Consulting Services

Competition for the supplies business is intense, and having the right product is only the first step toward success. Winning companies must anticipate and adapt to changes in products and markets with unprecedented speed.

To help you prosper in this environment, InfoTrends offers two consulting services spanning nearly three quarters of the world supplies market:

- **Communication Supplies – U.S.**
- **Communication Supplies – Europe**

These personal consulting services offer executives, senior managers, and product and marketing managers the information and advice they need to outpace the competition and thrive in this dynamic marketplace. The services provide:

- Year-round support for your marketing, product planning, product development, and strategic development decisions
- Continuous information flow with daily, weekly, monthly, quarterly, and annual deliverables
- Unlimited inquiry access to experienced staff
- Online access to published deliverables 24 hours a day
- Regularly scheduled Webcasts that discuss industry trends and developments

## Recently Completed Deliverables:

Trends in Supplies IP Protection

Road Map 2015: Communications Supplies Consulting Service

# Office Technology & Services - CSCS

The **Communication Supplies Consulting Service** provides clients with a hierarchy of powerful knowledge tools, from syndicated market information to customized, proprietary consulting. Our consultants can help you grow your business by providing you with insights that are geared to your specific challenges and goals.

## Additional Services

**Custom Consulting:** You have unique issues and opportunities that require customized, in-depth research, analysis, and advice. Engage InfoTrends' team to help define your issues, design and implement an effective research process, and provide objective analysis and recommendations in a timely manner.

**Multi-Client Studies:** InfoTrends conducts comprehensive primary research studies on major industry trends and topics. Multiple companies fund, influence, and receive the research results, enabling them to obtain business critical information at a reduced price.

**Training:** InfoTrends' training programs cater to sales and work forces of all sizes. Our programs deliver consistent training throughout the organization and provide staff with the foundation to achieve success and develop new business opportunities. Training is available online through Webinars and e-learning programs as well as in person with our on-site training classes.

**Reports:** In addition to reports included as part of your subscription, you may also choose from a wide selection of forecasts, research reports, and strategic analysis on key industry trends and developments published by our other services.
